

Career & Technical Department

A Sylvania Career Technical Education:

- Prepares students to be college and career ready through a rigorous academic and technical curriculum
- Builds skills that allow students to compete in a rapidly changing global society and economy
- Provides students with career focused experiences such as internships, job-shadowing, clinicals, and early job placements that help them to make informed career-decisions
- Includes 12 different programs within six career pathways. All programs have opportunities for students to earn college credit during high school, qualify for advanced placements in college, and seek industry licenses and certifications
- Partners with business and industry leaders to provide a relevant, real-world learning experience that aligns with current standards
- Offers advisory committee meetings, student competitions, and career technical student organization activities
- Keeps department members current with state and national mandates, updates and changes in industry
- Assists with student recruitment and appropriate placement for students to grow in knowledge, skills, interest, and employability
